D. S. ANDERSON'S Merchant Tailor.

MEDICINAL.

R. E. SELLERS'
MUCH USED AND HIGHLY POPULAR
FAMILY MEDICINES!
CELEBRATED LIVER PILLS,

Randed as the only pill deserving to be called "THE LIVER PHL."

COSTIVENESS.

As the necessity for purgative pills has its foundation very often in a torpic state of the liver and as the Liver Pills are superior, as a cathartic, to the pills in general use, they are recommended with confidence, in all cases, as a purgative pill, and may, advantageously to the public, superiod those in general use.

THE WORM MEDICINE.

Has no superior in this or any other country, for expelling Worms from the human system.

Worms frequently infest children, sagravate all other discusses, and are capable of producing great disdurbances in the system; and, consequently, all medicines given to remove them should be prepared with great care, and of the best materials; and it is to be feared that many of the worm medicines in use are totally destitute of these qualities. The Vermifoge which the subscriber offers to the public, is prepared of the best materials that can be recursed.

SELLERS: IMPERIAL COUGH SYRUP,
Proponenced to be the pleasantest and most efficacions removed.

Pronounced to be the pleasantest and most efficacions remody now in use, for the care of Coughs, Colds, Heaviness, Influenza, Tickling sousations of the Throat, Whooping Cough

TONICS WON'T DO!
THEX never did do more than give temperary relief and they never will. It is because they don't touch the cause of the disease. The cause of all sque and billous diseases is the atmospheric poison, called Missma or Malaria - Neutralize this poison by its NATURAL ANTIDOTE, and all diseases caused by it disappears at once. Rhodes' Fever and Agus cure is this antidate to Malaria, and mercover it is a port city harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New York, to this effect, instanched to avery bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenia, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUR, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I manex some extracts from a letter just received from a Physician:

JAS. A. BRODES, Esq. Dear Sir: Yours of the 2d inst is at hand. The Cure arrived late last year, and the 'simelity in getting any one to try it was greatly increased from the fraction are remedy had been increduced which was grewing in favor with the public as being better than using Quinine,—not knowing pressure that the remedy they needed to except taking Quinine, contained the drug feelf!

This remedy, (known as 'Smith's Tonic.'') would invariably sawak an ague, but it did not cursuit, as it would often return with transwed view. This one circumstance I deemed it and your curs. The following is the result:

These persons took your. Gure, all of which were cases of 'Quotidian Intermittent Favor' '' of many weeks standing. There persons took your. Gure, all of which were cases of 'Quotidian Intermittent Favor' '' of many weeks standing. There persons took your. Gure, all of which were cases of ''Quotidian Intermittent Favor' '' of many weeks standing. There persons took your. Quotidian Intermittent Favor' '' of many weeks standing. There are in all such cases of sold with the public of the condition of other and severe maladee. I didaceced in effecting a radioal cure of all three of these cases with your ramedy, and they have not had a condition of their and severe maladee. I didaceced in effecting a radioal cure of all three of these cases with your ramedy, and they have not had a condition of their and severe maladee. I didaceced in effecting a radioal cure of all three of these cases with your ramedy, and they have not had a condition of the rand severe maladee. I didaceced in effecting a radioal cure of all three of the second condition of the rand severe maladee. I didaceced in effecting a r missing a chill, butit was, (as in all such cases) slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radioal sure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tenic" had been used and would, as before stated, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in giving to your "Cure" the vantage ground of any other remedy now in uses here, &c., &c., &c.

RHODES PEVER and AGUE CURE, or ANTIDOTE TO MALARIA the only harmless remedy in existence, is equally certain as a preventive as a "CURE." Take it when you feel the chills coming on, and you will never have a single one.

THE ONLY INFALLIBLE REMEDY.
HURLEY'S SARSAPARILLA. HURLEY'S SARSAPARILLA.

OF all the medicines that have been discovered during the present age for the "thousand ills that flesh is heir to." none equal this wonderful preparation. Only three years have clapsed since the discoverer (who spent a decade in studying, experimentalizing and perfecting it) instituted used it to the public, and it is already recognized by the most eminent physicians in all parts of the country to be the most surprising and effective remedy for certain diseases of which they have knowledge.

All other compounds or syrups of the root have hitherto failed to command the sanction of the faculty, because, on being tested, they have been found to contain noxious ingredients, which usertalize the good effects of the sarsaparilla, and offertimes injures the health of the patient. It is not so with Hurley's arccaration.

This is the pure and genuine extract of the root; and will, on trial, be found to effects or trian and perfect cure of the following complaints and diseases:

Affection of the Bone,

ROCK MAVEN FOR SALE.

WISHING to retire from active business to my farm, I new offer this place for sale. On it is a commedious Tavern House, one large three story Stone Watchouse, also one of Frame; a Pork House with capacity to slaughter from 400 to 500 hogs per day, with good Stables and all necessary out-buildings. It has a stone landing of good deepth of water and at all times free from mad. It now possenses a good Dry Goods and Grocery Trade, and is widely known as a shipping point second to but few to was on the Ohio river from Louisville to Evansville. The location and character of the tuniness of the place imperatively require other wranches of business to be nonducted, vis: A Tobacco Stemmery, &c., &c., all casentially necessary to supply the demands of the public, and which, if done, would increase the general business of the place amazingly. A large section of the country from which to this time, no trade has been derived (for want of reads) and nearer this point than any other will in a short time be brought to this place (as an order has been issued from court for the opening of new roads.)
